Nordica Kraft is a symmetrical coated craft board, made by back-to-back lamination. The printing surfaces are therefore identical.

Nordica Kraft can be used in a wide range of premium packaging applications.

Nordica Kraft has outstanding levels of bulk and stiffness, together with coated surface on both sides.

Nordica Kraft is made from 100% virgin fibre from pulps sourced from well managed forests certified in accordance with the rules of the Forest Stewardship Council® (FSC®).

Nordica Kraft is certified as safe for use in direct contact with dry and fatty foodstuffs in accordance with German BfR XXXVI recommendations.

Nordica Kraft is fully recyclable and manufactured to precise and controlled standards. Preston Board is registered under the ISO 9001:2015 quality assurance scheme and the ISO 14001:2015 environmental standard.
