

Nordica White is a symmetrical uncoated solid beached board (SBB), printing surfaces are therefore identical.

Nordica White has a matt tactile surface finish with high levels of whiteness, bulk and stiffness. The board has been designed to have enhanced folding, creasing and die cutting performance with minimal dusting.

Nordica White is made from elemental chlorine free (ECF) pulps, sourced from well managed forests certified in accordance with the rules of the Forest Stewardship Council® (FSC®).

Nordica White has been tested for compliance with German BfRXXXVI recommendations and is certified as safe for use in direct contact with dry and non-fatty foodstuffs.

Nordica White is fully recyclable and manufactured to precise and controlled standards. Preston Board is registered under the ISO 9001:2015 quality assurance scheme and the ISO 14001:2015 environmental standard.
