

# CRUSADE WHITECORE

**Crusade Whitecore** is an exceptional double side coated display board. Made by back-to-back & multi-ply lamination process. The printing surfaces are therefore identical.

**Crusade Whitecore** is made from 100% virgin fibre. Product offers high rigidity and superior flatness.

**Crusade Whitecore** has a silk coated surface offering high level of whiteness and smooth surface for excellent print results.

**Crusade Whitecore** contains woodpulp from well managed forests certified in accordance with the rules of the Forest Stewardship Council® (FSC®).

**Crusade Whitecore** offers an eco-friendly alternative to mineral oil-based panels such as foam boards, foam PVC and other plastic composites for indoor display purposes.

**Crusade Whitecore** is fully recyclable and manufactured to precise and controlled standards. Preston Board is registered under the ISO 9001:2015 quality assurance scheme and the ISO 14001:2015 environmental standard.
