

Nordica Duo is a symmetrical coated board, made by back-to-back lamination. The printing surfaces are therefore identical.

Nordica Duo is ideal product for a wide range of premium & luxury packaging applications.

Nordica Duo has outstanding levels of bulk, stiffness, and whiteness, together with smooth coated surface on both sides.

Nordica Duo is made from 100% virgin fibre from pulps sourced from well managed forests certified in accordance with the rules of the Forest Stewardship Council® (FSC®).

Nordica Duo is suitable for use in direct contact with dry and fatty foodstuffs in accordance with German BfR XXXVI recommendations.

Nordica Duo is fully recyclable and manufactured to precise and controlled standards. Preston Board is registered under the ISO 9001:2015 quality assurance scheme and the ISO 14001:2015 environmental standard.

PRINTING & CONVERSION

Nordica Duo is suitable for offset litho

- large format digital
- silk screen print processes.

Nordica Duo is recommended for conversion applications involving UV, water-based and conventional varnish

- foil and film lamination
- hot foil stamping and cold foil transfer
